

## Assets reported by Eugene Field Staff...

- Classrooms are large with high ceilings, lots of natural light, and plenty of visual instruction and display space.
- Most of the classrooms are on one level.
- The hallways have high ceilings and beautiful windows letting in lots of natural light.
- The hallways are wide enough for appropriate traffic flow in almost all areas.
- There is a well-defined and inviting front entry with appropriate reception area and offices attached.
- There is a functional teacher work and break room.
- The adjacent field is great for safety plans/practice and is useable certain times of the year for extra play and PE space.
- We are centrally located and in walking distance for many families.
- There are several nice office spaces for specialists.
- This building holds positive memories for many Silverton families.
- The building is considered by some a historically relevant part of downtown culture.
- The gym structure has the potential to be beautiful. The upper balcony has solid wood bleachers and beautiful wood windows. The stage is very functional and also a beautiful wood structure.
- Things are built to scale for little kids. Bathrooms and work spaces are appropriately low.
- There is GREAT bulletin board space both in classrooms and hallways.
- There are beautiful display cases throughout the school.
- There is a large shop for storage, maintenance, and equipment.
- Large Library with thousands of books
- Guidance/counseling center which serves 400+ kids every week
